You will need:

- 1) Start with two complimentary pieces of fleece material that are exactly the same size.
- 2) Lay your two pieces of fleece out on a table.
- 3) Trim with scissors all the way around to make sure that they match exactly and that they are perfectly square.
- 4) Cut a five inch square indent into each corner
- 5) Cut a five inch long, one inch wide fringe all the way around the material.
- 6) Tie the fringe of the two layers together. Once you have tied all the way around, you are finished.
